

Shield the Sun in Beautiful Ways

Mineral-based makeup and moisturizers use natural ingredients to protect against skin-damaging rays. Here are our favorites.

1. Aria SPF 15 Face Lotion

This fast-absorbing moisturizer works well on oily skin (\$10; 540-377-9530; www.docshill.com).

2. Ecco Bella Skin Survival Day Cream SPF 15

This cream moisturizes dry skin without feeling too greasy or leaving a shine (\$22.50; 877-696-2220; www.eccobella.com).

3. Angelique Skin Care Powder Mineral Foundation SPF 17

We got great coverage with this powder foundation. And if you pat your

face with a damp sponge after applying it, the foundation becomes water-resistant—great if you're in and out of the pool (\$25; 586-979-5772; www.angeliquestincare.com).

4. Zia Natural Foundation SPF 8

All skin types can use this oil-free liquid foundation to even out tone. Using a damp cosmetic sponge makes applying this somewhat-thick foundation easier (\$14.95; 800-334-7546; www.zianatural.com).

5. Bare Escentuals bareMinerals Foundation SPF 15

This powder—good for all complexions and skin types—eliminates shine and evens out your skin tone without caking (\$25; 800-227-3990; www.bareescentuals.com).

6. Pur Minerals Shea Butter Lipstick SPF 12

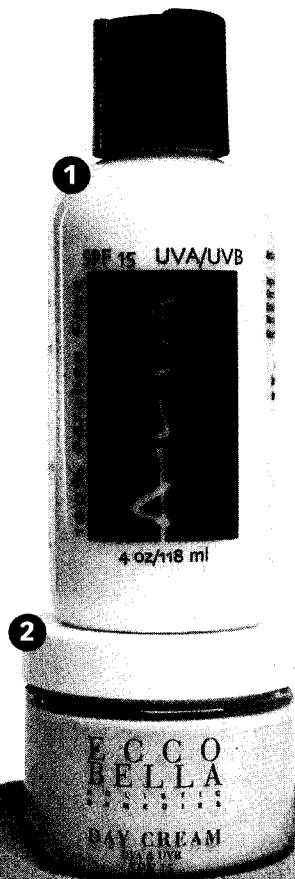

The color from this lipstick stayed put on our puckers, and we loved the variety of bright shades you can choose from (\$14; 866-954-4000; www.purminerals.com).

7. Burt's Bees Wings of Love All-Natural Lipstick

These lipsticks don't have an SPF rating but contain sun-blocking minerals. They come in several shades and provide long-lasting color and moisture (\$9.50; www.burtsbees.com).

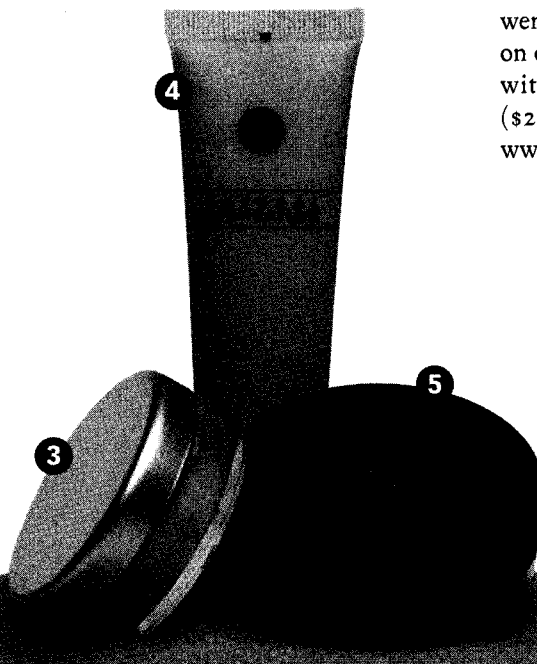

8. Dr. Hauschka Eye Shadow Duo

These shadows contain sun-protective minerals but aren't marketed for their sun-blocking abilities. They went on without flaking or clumping on our eyelids. Each compact comes with two complementary shades (\$25.50; 800-247-9907; www.drhauschka.com).
